Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Standalone Financial Results of Infibeam Avenues Limited pursuant to the Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to
The Board of Directors
Infibeam Avenues Limited

1. We have reviewed the accompanying Statement of Unaudited Standalone Financial Results for the Quarter and Half Year ended September 30, 2025 ('the Statement') of Infibeam Avenues Limited ('the Company') attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Notes:

1. Business segments:
Based on the "management approach" as defined in Ind AS 108 - Operating Segments and evaluation by the Chief Operating Decision Maker, primary reportable segments of the Group consists of:
(1) Payment Business and (2) E-Commerce Platform Business

2. Segment assets and liabilities:
Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the Group as a whole. Segment assets include all operating assets used by a segment and principally consists of operating cash, trade receivables and fixed assets, net of allowances and provisions which are reported as direct offsets in the balance sheet. While most such assets can be directly attributed to individual segments, the carrying amount of certain assets used jointly by two segments is allocated to the segments on a reasonable basis. Segment liabilities include all operating liabilities and consist principally of trade payables and accrued liabilities. Segment assets and liabilities do not include those relating to income taxes.

3. Segment expense:
Segment expense comprises the expense resulting from the operating activities of a segment that is directly attributable to the segment or that can be allocated on a reasonable basis to the segment and expense relating to transactions with other segments. Certain expenses are not specifically allocable to individual segments as the underlying services are used interchangeably. The Group therefore believes that it is not practicable to provide segment disclosures relating to such expenses, and accordingly such expenses are separately disclosed as 'unallocated' and directly charged against total income.

4. Certain assets and liabilities which are common to both the segments for which basis of allocation cannot be consistently identified are included under un-allocable assets and liabilities.

Consolidated Financial Performance Review:

Infibeam's strong performance is the result of deliberate and focused transformation over the past few years. The company has re-architected its business model shifted from a diversified, multi-platform structure to a streamlined and focused on digital payments and AI-driven solutions. This strategic clarity and realignment has strengthened operational efficiency, expanded market share, and accelerated revenue growth.

The Company reported another strong quarter with record-breaking financial results driven by higher Total Payment Volume (TPV), improved card payment mix, new merchant additions, and deeper AI integration across platforms. Revenue from operations rose to INR 19,649 million in Q2 FY25, up 93.3% YoY and 53.5% QoQ, supported by continued TPV growth. Profit After Tax (PAT) increased to INR 677 million, reflecting improved operational efficiency and scalability. On an annualized run-rate basis, the Company is approaching the USD 1 billion revenue milestone.

During the last quarter, Infibeam Avenues Ltd. successfully completed the strategic sale of its Platform Business to its subsidiary Rediff.com India Limited for a consideration of INR 800 crore. This restructuring marks a significant step in the Company's ongoing efforts to create sharper business focus and unlock value across its fintech ecosystem. With this transition, Infibeam Avenues Ltd. will now operate as a pure-play financial technology and AI-driven payments company, while Rediff.com will drive the AI-first platform strategy, encompassing commerce, content, and

digital services. The move is aimed at enhancing operational efficiency, enabling independent growth trajectories, and strengthening the overall Group's competitive positioning in the rapidly evolving digital economy.

“We are delighted with our strong performance this quarter. The sharp rise in TPV and revenue underscores the growing trust our merchants and partners place in our platforms. Our diversified digital offerings and focus on profitability position us well to cross the USD 1 billion revenue mark on a run-rate basis. We remain committed to growth through innovation and AI-led transformation in digital payments,” said **Mr. Vishal Mehta, Chairman and Managing Director, Infibeam Avenues Ltd.**

After the acquisition of Rediff.com, the Company now uniquely brings together both merchants and consumers on a single digital ecosystem, enabling end-to-end monetization of payments. While Company's payments infrastructure under CCAvenue continues to power millions of merchants, Rediff's large consumer base of millions of daily active users adds a powerful B2C dimension, allowing the Company to directly engage users, drive commerce, and expand recurring payment opportunities. This integration strengthens its position as a two-sided platform -- similar to leading global digital payment ecosystems but with the added advantage of owning both the consumer and merchant relationships. This dual-sided presence allows the Company to:

- Capture value from both merchant transactions and consumer interactions,
- Cross-sell commerce, content, and financial products, and
- Build a closed-loop digital payment ecosystem that enhances margins and data-driven monetization.

Rediff continues to operate one of India's largest consumer digital ecosystems through its flagship Rediffmail platform, serving over 100 million registered email users worldwide. This vast user base forms the cornerstone of Rediff's consumer engagement model, enabling the Company to offer secure communication, personalized content, and digital services at scale. Rediff aspires to be one of the leading email providers for enterprise in India and the Rediff.com portal, encompassing news, finance, and entertainment features remains one of the longest-standing digital destinations for Indian audiences, both domestic and global. The integration of AI-driven personalization across Rediffmail, Rediff.com, and RediffTV streaming enhances user engagement, while the newly launched Rediff Super App unifies these offerings under a single, mobile-first experience.

“Infibeam Avenues continues to strengthen its position in the fintech sector. The surge in card transactions and credit mix coupled with higher TPV growth and robust performance across key merchant verticals including travel and utilities demonstrates merchant confidence in our payment and enterprise platforms. The Company has made a strategic decision to focus on absolute cash profit and cash flow generation, reinforcing its commitment to sustainable growth,” said **Mr. Vishwas Patel, Joint Managing Director of Infibeam Avenues Ltd.** “We are proud to have successfully completed the strategic sale of our commerce platform to Rediff.com and look forward to introducing Rediffpay, a UPI-based consumer payment solution, reinforcing our focus on high-growth fintech and AI-driven services.”
